

General Body Meeting
26 September 2011

1. Call to order
2. Approval of Minutes
3. Executive Reports
 - a. President (Brian Bamberger, bambergr@uic.edu)
 - i. Grades: Grades for clerkships are supposed to be submitted within 6 weeks of its end; ideally, they would like it within 2-4 weeks. This does not always happen, as it is dependent on hospital site as well as clerkship director. Registrar Susan Huhndorf gives "past due" notices to clerkship directors during meetings as reminders. To note, also affecting the posting of M1/M2 grades, there have been some server/system issues with the student report system. Additionally, the staffmember in charge of the SAS reports recently retired, further holding up the process. Typically, grades are uploaded the same day as they are received from the course director.
 - ii. Clerkship Tracks and Part-Time Status: Those tracks that put students in 'part-time' status (unless 2 or more electives are taken) will be advertised better in the future.
 - iii. Facilities: Please report problems to osahelp@uic.edu. If you would like to help oversee facilities issues, please let Brian know.
 - iv. No update on Construction/Dean Search Committee at this time.
